Epworth Children's Home

**The Institute for Child and Family Wellbeing
and
The Residential Program**

2900 MILLWOOD AVENUE, COLUMBIA, SC 29205

Epworth is nationally accredited for outstanding programs and services, as well as a nationally recognized leader for fiscal management, accountability and transparency.

Residential Program & The Institute for Child and Family Wellbeing

Residential Care

Epworth Children's Home's residential care program serves children ages 12-18 in ten cottages at Epworth's historic campus on Millwood Avenue in Columbia. Residents receive 24-7 adult support, mental health counseling, academic tutoring, healthcare, and other assistance.

The Center for Independent Living*

Epworth provides services to pursue higher education and/or career readiness for young people ages 18-23 who are "aging out" of foster care. The program prepares young people for transition into the adult world in a safe and supportive community.

The Center for Counseling*

The Epworth Center for Counseling provides counseling to children and youth, their families, and adults. Treatment begins with meeting one of our licensed therapists for an evaluation that will result in recommendations for services. Our goal is to move one towards a life of positive health and happiness. Community referrals welcomed!

The Early Intervention Center*

The Epworth Early Intervention Center serves families with children who have special needs, developmental delays, and/or disabilities. The EEIC includes a preschool, home-based early intervention services and cooperative respite care.

Intensive In-Home Services⁺

Epworth's Intensive In-Home Services (IIHS) is a 4-6 month program which provides an array of services and support to families who are involved with the SC Department of Social Services (SCDSS). IIHS works with families throughout four stages of service intensity in effort to increase effective parenting, communication and coping skills through in-home counseling and additional behavioral health services.

The Family Care Center

The Family Care Center is a unique program for mothers with substance abuse difficulties and their children. The family lives together at Epworth while the mother receives addiction treatment. Epworth teaches parenting skills while providing care for the children and nurturing family bonds.

Circle of Parents®⁺

Epworth is the state partner to Circle of Parents®, a national organization that provides training and technical support for the development of parent-driven support groups with a parallel children's program called Children's Circle. These parent groups are peer led, mutual self-help groups for all parents.

HOMEBUILDERS®⁺

HOMEBUILDERS® provides 4-6 weeks of intensive, in-home crisis intervention, counseling and life-skills education for families with children from birth to age 18 who are at imminent risk of placement in state-funded care. The goal of HOMEBUILDERS® is to prevent the unnecessary out-of-home placement of children through intensive, on-site intervention, and to teach families new problem-solving skills to prevent future crises.
